THE MIKERITES IN THE OFFING

The Mike Fisherites are scheduled to arrive on Friday and they will play their first game with the locals on the following day.

Eddie Fernandez expects to break as good as even with the visitors in the first game and would not have heart disease were his bunch to trot out winners.

He says that as a team the All-Hawais are superior to the aggregation which backed up against the Spalding wonder-workers. One thing is certain if the homesters are going to win a game it will be the first one played. Then the miraculous Reach nine will be caught short, to use a racing term, and the diamond is apt to remind some of the players of the undulating vagaries of the vasty deep.

The town is preparing to take in the game en masse. Already the devoted peanut is being gotten ready for the slaughter, likewise the aunt and grandmother of the office-boy.

Soares and Reuter are working together like a charm and the remainder of the Honolulu nine are in prime condition and feeling as skittish as two-year-olds.

Mike Fisher and his galaxy of baseball stars will be strenuously greeted at the wharf, though whether the reception will take the form of a luau at the dock has not as yet been definitely decided on.

SCRAPS FULL OF GOLDEN PROMISE

People who are not discussing the arrival of the Mikeites are talking of the Smith-Reilly scientific exhibition of boxing which takes place at the Orpheum on Saturday night. A great many people are discussing both.

Both men are confident. Reilly threatens to smash the slats of his opponent and Frankie of the great Smith family is on record as having stated that when he gets through with Charlie the pastor of the latter's church won't know him.

From the above golden promises it may be gathered that there will be a gentle and joyous passage of arms at the Orpheum on Saturday night.

Apart from joking, however, the mill promises to be a good one and the spectators should get a good run for their money. It is up to Promoter Cohen to put a good one over in the flat entertainment line and if he does so the local fight-goers will warm up to him in a manner which will tickle the cockles of his heart—that is where those particular shellfish are reputed to be located.

Do you know who will win? Nay, nay, Pauline, nay a know.

With a clean break, however, Reilly should get the decision. If the warfare be waged under straight rules, however, Smith should have a decided lead.

Eddie Hines and Kid Boquet will furnish the curtain raiser and their rounds should be replete with action. So should the eight-round argument in which "Punchbowl" Silva and Soldier Miller will participate.

If Miller gets away with the Portuguese he will be looked on as a factor in the row among the big fellows despite the mess he made of his go with Dick Sullivan. A defeat, however, at the hands of the alleged "demon" will assuredly sound "taps" over Mr. Miller's pugilistic career. Therefore, as an eminent divine once said, it behooves him to do his best.

The sale of seats has commenced. If you notice a human stream wending its way toward the Orpheum's classic portals, you may know by the same token, that the rush for pasteboards is fast and furious.

Harry Papke a cousin of Billy Papke the sturdy middleweight boxer, called at The Star office this morning and issued a challenge on the part of Garnell, a wrestler, to meet anyone in the Territory under catch-as-can rules.

Garnell, who weighs 172 pounds, is a Russian and arrived here by the transport Dix. He has been wrestling at the coast and claims to possess a fine record.

His manager would like to match him with Sailor Roberts, and it is understood that the latter is willing to accept the challenge.

Any answer sent to this office will receive immediate attention.

The only thing doing in Hotel street sporting circles up to the time of going to press was Tommy Lane's challenging "A. Mutt" Heine to a glass of beer.

The Little Australian's deft was promptly taken up and the bout, which was refereed by Jack Roberts, resulted in a draw—the beer being drawn.

MAYOR SIGNS

Mayor Fern yesterday afternoon signed the payrolls and salary demands passed by the Board of Supervisors and the question of whether or not warrants shall issue was thus put up to Auditor Bicknell. But Mayor Fern was careful in countersigning the documents to state his position in the matter, and where there is a dispute as to employees, whether they are legally appointed, he affixes the following by way of preamble to countersignature:

"Without prejudice to my contention that the within demand or demands are illegal because in favor of a person or persons not legally an employee of the city and county, and without prejudice to my contention that the resolution appropriating money, among other purposes, to pay the within demand or demands, is illegal and void (being Resolution Making Appropriations for the Various Services of the City and County of Honolulu), and without certifying otherwise to the legality of the within demand or demands, I hereby countersign the same."

On payrolls and salary demands where there is no question of validity of appointment but where the Mayor questions the legality of the appropriation, he merely notes that he countersigns without prejudice to his contention that the appropriations are not legal.

At 7:35 last evening, five minutes after the appointed time of meeting, there were only the Mayor and Supervisor McClellan, Democrat, present, but a moment later five of the Republican Six, Cox being absent, tied in with the Deputy County Attorney and it appeared, that inasmuch as the Mayor had, somewhat unexpectedly, countersigned the salary and payroll demands, with the modifications noted, the Supervisors had gone at once into consultation in the County Attorney's office.

The formal notification by the City and County Clerk came at the end of the meeting.

An ordinance introduced by Kane, seconded by Quinn, was read first and second times and ordered published, authorizing the Board of Supervisors to appoint certain clerical assistance, under the Charter, in aid of the City and County Clerk as ex-officio clerk of the Board of Supervisors; one chief clerk at \$120, one clerk at \$80, one stenographer and typewriter at \$100, and one typewriter at \$40.

Aylett introduced an ordinance, which passed first and second reading, and was ordered published, prohibiting the erection, maintenance or use of any tenement building within five hundred feet of a school, Deputy Attorney Milverton explaining that the ordinance was intended to correct faults pointed out by the Supreme Court in the previously existing ordinance which had failed for that it prohibited only the erection of such buildings. Milverton explained that the invalid ordinance had been prepared by private counsel and the new ordinance had been prepared in the County Attorney's office.

The ordinance fixing the pay of various deputies under elective heads was passed on third reading.

DECISION IN DAMAGES CASE

Judge Andrade this morning rendered an oral decision in the case of Humphreys vs. Road Supervisor Cummings and Manuel Mello, in which damages in the sum of \$300 were claimed.

This is an old matter, dating from the time of the funeral of the late Prince David Kawanakoa. The complaint was that the road supervisor and his men, in order to clear the way for the funeral procession, had cut and despoiled a fine ponciana tree belonging to Mrs. A. S. Humphreys. The fact of the tree being cut was not denied, but it was contended in defense that the tree was an obstruction to traffic and that the removal of its protruding branches was a matter within the authority of the defendants.

Judge Andrade decided, in brief, that the branches of the tree in question were an obstruction, and that the road department, for which the defendants acted, had the right to cut them down. Appeal will be taken by complaint to the Circuit Court.

CAPTAIN REES AT MANILA BAY

After a chowder served at small tables, in the parish home last night, the Men's League of Central Union church heard reports from the different sections. All were shown to be in good working order. Captain C. P. Rees, U. S. N., then delivered an address on "Personal Recollections." He told of his first visit to Honolulu in 1873 in the cruiser Portsmouth and of later visits. Proceeding he gave a graphic account of the Battle of Manila, in which he served as executive officer to Admiral Dewey on board the Olympia. The audience followed him with intense interest and applauded him with enthusiasm.

Judge Dole said yesterday he was feeling somewhat improved and would spend two weeks at the Volcano House.

TAG DAY COMING

"Tag Day," an institution for charity which has proved a success on the coast, is to be introduced in Honolulu, February 6 is the date fixed. "Save the Babies" will be the slogan, the object of the money from the gentle hold-ups being the extension of the pure milk supply for children. Committees were appointed at a meeting at the home of Mrs. F. J. Lowrey yesterday morning.

The city was districted and the task of reaching practically every person in Honolulu will be undertaken. A hundred or more young ladies will be actual solicitors, and they will be armed with tags and banks for the money. The collectors will be chaperoned from downtown headquarters. Organization will be very thorough, work will be from seven in the morning till five in the evening, and it is planned to use 30,000 tags, which have been given by the Advertiser, the Star and the Merchant Printing Company. Sums of money from a nickel to checks for \$1000 will be gratefully accepted and will be used judiciously.

FINED A DOLLAR FOR CONTEMPT

Captain E. Wirechuleit was fined \$1 by Judge Dole for contempt of court, he having been brought from San Francisco to answer that charge. W. L. Stanley appearing for him showed that the alleged contempt was due largely to circumstances of respondent's occupation. After sentence District Attorney R. W. Breckons objected to the small fine, claiming that at least \$10 or \$15 should have been imposed to cover some of the expenses of the United States. The court refused to go back on its tracks. There was a discussion of the question whether contempt of court was a civil or a criminal offense, Breckons holding it was criminal, contrary to the view of the Attorney General of the United States in the case of the labor leaders lately sentenced.

EXTERNAL REMEDY FOR ECZEMA

Why Salves Fail While a Simple Liquid Has Accomplished Thousand of Cures.

It is now thoroughly established among the best medical authorities that eczema is purely a skin disease, due to a germ and curable only through the skin. It is not a blood disease at all; in fact, thousands of people suffer with skin disease and are perfectly healthy otherwise, and therefore prove they have no diseased blood.

Smearly salves cannot reach the germs because they do not penetrate the skin. The only way to reach the germs is by means of a penetrating liquid.

Such a liquid can be obtained by simply mixing ordinary oil of wintergreen with thymol, glycerine and other healing agents. This compound known as D. D. D. Prescription stops the itch instantly—and the cures all appear to be permanent. In fact, it took thousands of cures, case after case, before the best scientific authorities were convinced of the absolute merit of this remedy. The effect of D. D. D. Prescription in numbing the itching eczema germs is seen within one minute after the first application. We especially recommend D. D. D. Soap in connection with this treatment.
